Washington, D.c. 20554

RE: 1800B3-TSN

Dear Mr. Doyle:

I respectfully request you to reconsider the decision to cancel the license for *WA2XPA*, *WI2XSO*, and *WI3XSO*. Permanently shutting down these am synchronous boosters will not serve to the best interest of the public in general because they provide public safety benefits and are good collaborators in emergencies through islandwide.

I would appreciate your reconsideration of your decision. I strongly recommend you to maintain these licenses covering the entire Island. If you have any further questions, please feel free to contact me at 787-721-3596 or by email at acrespo@prema.pr.gov.

Best regards,

Ángel A. Crespo Ortiz
Executive Director
Puerto Rico Emergency Management Agency
